DETAILED ACTION

Response to Amendment

1. Applicant's amendments and remarks dated 01/23/2006 have been acknowledged by Examiner and entered.

Drawings

2. The drawings remain objected to under 37 CFR 1.83(a).
Examiner was unable to locate elements 60a, 62a, 140a or 142a ('protrusions' of claims 35 and 39) and 56, 135 ('spacers' of claims 19 and 31) both on original and replacement sheets.

Claim Rejections - 35 USC § 112

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office Action.
4. Claims 1, 4, 6, 7, 10-12, 14-19 and 21-39 are rejected under 35 U.S.C. 112, second paragraph, as being unclear for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The amended claim 1 recites 'an adhesive which permeates between said plate member and said lid member around said recessed portion due to the capillarity without entering said recessed portion...'. It is unclear what structure would prevent adhesive from entering the 'recessed portion'.

The same consideration applies to the 'filler' of the amended claim 21.

Allowable Subject Matter

5. Claims 1, 4, 6, 10-12, 14-19, 21-39 and 26-29 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims. The prior art does not teach, or fairly suggest a plate assembly having an adhesive surface surrounding recessed portions, as recited in claims 1 and 21.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
